## Amarin Announces Underwriters' Full Exercise of Option to Purchase Additional American Depositary Shares

July 29, 2019

BEDMINSTER, N.J., and DUBLIN, Ireland, July 29, 2019 (GLOBE NEWSWIRE) -- Amarin Corporation plc (NASDAQ:AMRN) today announced that, in connection with its previously announced underwritten public offering of American Depositary Shares ("ADSs"), the underwriters of the offering have exercised in full their option to purchase up to an aggregate of 3,333,333 additional ADSs. The exercise of this option increases the size of the offering to an aggregate of 25,555,556 ADSs at a price to the public of \$18.00 per ADS. The gross proceeds of this offering are expected to be approximately \$460.0 million, before deducting the underwriting discounts and commissions and other estimated offering expenses payable by Amarin. The purchase of the additional ADSs closed on July 29, 2019.

Amarin intends to use the net proceeds from the offering (1) to support the ongoing and expanding commercialization of Vascepa® (icosapent ethyl) assuming the FDA approves Amarin's supplemental new drug application seeking an expanded indication for Vascepa in the United States based on the positive results of Amarin's REDUCE-IT™ study, including (i) doubling the size of its existing sales force, (ii) increasing branded and non-branded advertising, and (iii) supporting its expanded commercial operations; (2) to increase commercial supply of Vascepa from third-party drug product suppliers; and (3) for general corporate purposes. Amarin also may use a portion of the net proceeds to acquire strategic assets, although it currently has no agreements or commitments in this regard.

J.P. Morgan Securities LLC, Goldman Sachs & Co. LLC, Jefferies LLC and Cantor Fitzgerald & Co. acted as the joint book-running managers for the offering. H.C. Wainwright & Co., LLC and Roth Capital Partners acted as the co-managers for the offering.
