**PROXY STATEMENT FOR
2012 ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD ON JULY 10, 2012**

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the “**Board**”) of Amarin Corporation plc, a public limited company registered in England & Wales (“**Amarin**” or the “**Company**”) for use at the Company’s 2012 Annual General Meeting of shareholders to be held at The Shelbourne Hotel, 27 St. Stephen’s Green, Dublin 2, Ireland, on July 10, 2012, at 8:00 a.m. local time for the purpose of considering and, if thought fit, passing the resolutions specified in the Notice of Annual General Meeting. This proxy statement is being mailed to shareholders on or about May 7, 2012.

For a proxy to be effective, it must be properly executed and dated and lodged (together with a duly signed and dated power of attorney or other authority (if any) under which it is executed (or a notarially certified copy of such power of attorney or other authority)) at the offices of the Company’s registrars, Equiniti of Aspect House, Spencer Road, Lancing, West Sussex, UK BN99 6DA (the “**Registrars**”) so as to be received by 8:00 a.m. local time on July 8, 2012. Each proxy properly tendered will, unless otherwise directed by the shareholder, be voted FOR the proposals subject to a binding vote, FOR the nominees described in this Proxy Statement and at the discretion of the proxy holder(s) with regard to all other matters that may properly come before the meeting.

The Company will pay all of the costs of soliciting proxies. We will provide copies of our proxy materials to the depositary for our American Depositary Shares (Citibank, N.A.), brokerage firms, fiduciaries and custodians for forwarding to beneficial owners and will reimburse these persons for their costs of forwarding these materials. We have engaged Georgeson Shareholder Communications Inc. to assist us in the distribution and solicitation of proxies for a fee of \$9,000 plus expenses. Our directors, officers and employees may also solicit proxies; however, we will not pay them additional compensation for any of these services. Proxies may be solicited by telephone, facsimile, or personal solicitation.

Shares Outstanding and Voting Rights

Amarin is registered in England & Wales and therefore subject to the Companies Act 2006, which, together with the Articles of Association of the Company (the “**Articles**”), governs the processes for voting at Annual General Meetings. There are a number of differences between English and U.S. law in relation to voting. At the Annual General Meeting, a resolution put to the vote of the meeting shall be decided on a show of hands unless a poll is demanded by (a) the chairman, (b) at least two shareholders entitled to vote at the meeting, (c) a shareholder or shareholders representing not less than one-tenth of the total voting rights of all shareholders having the right to vote at the meeting (excluding any voting rights attached to shares that are held as treasury shares) or (d) a shareholder or shareholders holding shares conferring a right to vote at the meeting being shares on which an aggregate sum has been paid up equal to not less than one-tenth of the total sum paid up on all shares conferring that right (excluding any shares in the Company conferring a right to vote at the meeting that are held as treasury shares).

Only holders of record of our ordinary shares of £0.50 each (“**Ordinary Shares**”) at the close of business on April 23, 2012 (the “**Record Date**”), are entitled to notice of and to vote at the Annual General Meeting. On the Record Date, approximately 137,793,338 Ordinary Shares were issued and 137,773,259 outstanding, of which approximately 137,479,804 were held in the name of Citibank, N.A. (the “**Depositary**”), which issues Company-sponsored American Depositary Receipts (“**ADRs**”) evidencing American Depositary Shares (“**ADSs**”) which, in turn, each represent one Ordinary Share. With respect to all matters to be voted on at the Annual General Meeting, each shareholder present has only one vote unless demand is made for a vote on a poll (in which case each shareholder gets one vote per ordinary share held). The presence, in person or by proxy, of at least two shareholders who hold shares as of the Record Date will constitute a quorum for the transaction of

business at the Annual General Meeting. At any adjournment of the Annual General Meeting, if a quorum is not present within fifteen minutes from the time appointed for such meeting, one person entitled to be counted in a quorum present at the adjournment shall be a quorum.

Persons who hold Ordinary Shares directly on the Record Date (“*record holders*”) must return a proxy card or attend the Annual General Meeting in person in order to vote on the proposals. Persons who own Ordinary Shares indirectly on the Record Date through a brokerage firm, bank or other financial institution, including persons who own Ordinary Shares in the form of ADSs through the Depository (“*beneficial owners*”), must return a voting instruction form to have their shares or the shares underlying their ADSs, as the case may be, voted on their behalf. Brokerage firms, banks or other financial institutions that do not receive voting instructions from beneficial owners may either vote these shares on behalf of the beneficial owners or return a proxy leaving these shares un-voted (a “*broker non-vote*”). ADR holders are not entitled to vote directly at the Annual General Meeting, but an Amended and Restated Deposit Agreement dated as of November 4, 2011, or Deposit Agreement, exists between the Depository and the holders of ADRs pursuant to which registered holders of ADRs as of the record date are entitled to instruct the Depository as to the exercise of voting rights pertaining to the Ordinary Shares so represented. The Depository has agreed that it will endeavor, insofar as practicable, to vote (in person or by delivery to the Company of a proxy) the Ordinary Shares registered in the name of Citibank, N.A., in accordance with the instructions of the ADR holders. In the event that the instruction card is executed but does not specify the manner in which the Ordinary Shares represented are to be voted (i.e., by marking a vote “FOR”, “AGAINST” or any other option), the Depository will vote in respect of each proposal as recommended by the Board which is described in the Notice of Annual General Meeting. Instructions from the ADR holders must be sent to the Depository so that the instructions are received by no later than 10:00 a.m. New York time on July 2, 2012 (the “*Instruction Date*”).

The Company has retained Equiniti of Aspect House to hold and maintain its register of members. Equiniti of Aspect House will be engaged by the Company to send proxy forms to all registered members appearing on that register and to take delivery of completed proxy forms posted to it in accordance with the details above.

Abstentions and broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of votes cast on a given proposal. The required vote for each of the proposals expected to be acted upon at the Annual General Meeting is described:

Ordinary Resolutions

Proposals No. 1 to No. 4—Election of directors. A director is elected if a majority of the shares present at the meeting in person or by proxy and entitled to vote on the proposal are voted in favor of such director (whether voting is by show of hands or a poll is taken). As a result, abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect on the vote outcome.

Proposal No. 5—Advisory (non-binding) vote to approve the Company’s executive compensation. This advisory proposal will be approved if a majority of the shares present at the meeting in person or by proxy and entitled to vote on the proposal are voted in favor of the resolution (whether voting is by show of hands or a poll is taken). As a result, abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect on the vote outcome.

Proposal No. 6—Advisory (non-binding vote) on to approve the Directors’ Remuneration Report for the Fiscal Year Ended December 31, 2011. This advisory proposal must be approved by a majority of the shares present at the meeting in person or by proxy and entitled to vote on the proposal (whether voting is by show of hands or a poll is taken). As a result, abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect on the vote outcome.

Proposal No. 7—Approval of independent registered public accounting firm. This proposal must be approved by a majority of the shares present at the meeting in person or by proxy and entitled to vote on the proposal (whether voting is by show of hands or a poll is taken). As a result, abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect on the vote outcome.

Proposal No. 8—Approval of an amendment to the Company’s 2011 Stock Incentive Plan. This proposal must be approved by a majority of the shares present at the meeting in person or by proxy and entitled to vote on the proposal (whether voting is by show of hands or a poll is taken). As a result, abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect on the vote outcome.

We encourage you to vote by proxy by mailing an executed proxy card. By voting in advance of the meeting, this ensures that your shares will be voted and reduces the likelihood that the Company will be forced to incur additional expenses soliciting proxies for the Annual General Meeting. Any record holder of our Ordinary Shares may attend the Annual General Meeting in person and may revoke the enclosed form of proxy at any time by:

- executing and delivering to the corporate secretary a later-dated proxy; or
- voting in person at the Annual General Meeting.

Beneficial owners of our Ordinary Shares and holders of ADSs representing our Ordinary Shares who wish to change or revoke their voting instructions should contact their brokerage firm, bank or other financial institution or the Depositary, as applicable, for information on how to do so. Generally, however, beneficial owners of our Ordinary Shares and holders of ADSs representing our Ordinary Shares who wish to change or revoke their voting instructions may do so up until 10:00 a.m. New York Time on the Instruction Date. Beneficial owners who wish to attend the Annual General Meeting and vote in person should contact their brokerage firm, bank or other financial institution holding Ordinary Shares of Amarin on their behalf in order to obtain a “legal proxy,” which will allow them to both attend the meeting and vote in person. Without a legal proxy, beneficial owners cannot vote at the Annual General Meeting because their brokerage firm, bank or other financial institution may have already voted or returned a broker non-vote on their behalf. Record holders of ADSs representing our Ordinary Shares who wish to attend the Annual General Meeting and vote in person should contact the Depositary (and beneficial owners wishing to do the same should contact their brokerage firm, bank or other financial institution holding their ADSs) to cause their ADSs to be cancelled and the underlying shares to be withdrawn in accordance with the terms and conditions of the Deposit Agreement so as to be recognized by us as a record holder of our Ordinary Shares.

PROPOSALS NO. 1 TO NO. 4

ELECTION OF DIRECTORS

The Articles provide that, at every annual general meeting, at least one-third of the directors at the time shall retire from office (or, if the number of directors at the time is not a multiple of three, then the number nearest to but not exceeding one-third shall retire from office). The directors elected at the Annual General Meeting will hold office until their successors are elected and qualified, unless they resign or their seats become vacant due to death, removal, or other cause in accordance with the Articles.

As described below, the Board has nominated Dr. Ekman, Dr. Gordon and Mr. van Heek for re-election at the Annual General Meeting. Each of the nominees have indicated their willingness to serve if elected. Should any of the nominees become unavailable for election at the Annual General Meeting, the persons named on the enclosed proxy as proxy holders may vote all proxies given in response to this solicitation for the election of a substitute nominee chosen by the Board.

The Articles also provide that any director appointed to the Board since the 2011 Annual General Meeting shall only hold office until the 2012 Annual General Meeting and shall then be eligible for re-election (but shall not be taken into account in determining the directors who are to retire by rotation at the 2012 Annual General Meeting).

As described below, Mr. O'Sullivan was appointed to the Board in December 2011 and will stand for election at the Annual General Meeting. Mr. O'Sullivan has indicated his willingness to serve if elected. Should Mr. O'Sullivan become unavailable for election at the Annual General Meeting, the persons named on the enclosed proxy as proxy holders may vote all proxies given in response to this solicitation for the election of a substitute nominee chosen by the Board.

Nomination of Directors

The Nominating and Corporate Governance Committee, which acts as the Company's nominating committee, reviews and recommends to the Board potential nominees for election to the Board. In reviewing potential nominees, the Nominating and Corporate Governance Committee considers the qualifications of each potential nominee in light of the Board's existing and desired mix of experience and expertise. Specifically, the Nominating and Corporate Governance Committee considers the following minimum criteria: whether the nominee has experience at a strategic or policymaking level in a business, government, non-profit or academic organization of high standing; whether the nominee is highly accomplished in his or her field, with superior credentials and recognition; whether the nominee is well regarded in the community and has a long-term reputation for the highest ethical and moral standards; whether the nominee has sufficient time and availability to devote to the affairs of the Company, particularly in light of the number of boards on which the nominee may serve; whether the nominee has a demonstrated history of actively contributing at board meetings (to the extent that the nominee serves or has previously served on other boards). These criteria are set forth in our Nominating and Corporate Governance Committee Charter. In addition to these minimum qualifications, the Nominating and Corporate Governance Committee recommends that the Board select persons for nomination to help ensure that: a majority of the Board shall be independent in accordance with NASDAQ rules; each of the Company's Audit, Remuneration and Nominating and Corporate Governance Committees shall be comprised entirely of independent directors; and at least one member of the Audit Committee shall qualify as an audit committee financial expert as defined by SEC rules. In addition, the Nominating and Corporate Governance Committee may consider whether the nominee has direct experience in the pharmaceutical, biotechnology or healthcare industries or in the markets in which the Company operates and whether the nominee, if elected, would assist in achieving a mix of Board members that represents a diversity of background and experience. Although the Nominating and Corporate Governance Committee may consider whether nominees assist in achieving a mix of Board members that represents a diversity of background and experience, which is not only limited to race, gender or national origin, we have no formal policy regarding board diversity.

After reviewing the qualifications of potential Board candidates, the Nominating and Corporate Governance Committee presents its recommendations to the Board, which selects the final director nominees. Upon the recommendation of the Nominating and Corporate Governance Committee, the Board nominated Dr. Ekman, Dr. Gordon and Mr. van Heek for re-election as directors and Mr. O’Sullivan for election as directors. In 2011, the Nominating and Corporate Governance Committee did retain a search firm (Korn/Ferry International) to assist in the identification and assessment of potential director candidates.

The Nominating and Corporate Governance Committee considers shareholder nominees using the same criteria set forth above. Shareholders who wish to present a potential nominee to the Nominating and Corporate Governance Committee for consideration for election at a future annual general meeting of shareholders must provide the Nominating and Corporate Governance Committee with notice of the nomination and certain information regarding the candidate within the time periods set forth below under the caption “Shareholder Proposals.”

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR"

PROPOSAL NO. 5
ADVISORY VOTE ON EXECUTIVE COMPENSATION

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “*Dodd-Frank Act*”) requires that shareholders have the opportunity to cast an advisory (non-binding) vote on executive compensation commencing with our 2011 Annual General Meeting (a so-called “say-on-pay” vote), as well as an advisory vote with respect to whether future say-on-pay votes will be held every one, two or three years (a so-called “say-on-frequency vote”). At the 2011 Annual General Meeting, the Company’s shareholders overwhelmingly supported the say-on-pay vote with nearly 99% of the votes cast on the proposal, and they also voted on the say-on-frequency vote and advised Amarin to hold a say-on-pay vote every year. As previously announced, the Company’s Board of Directors has decided to hold this advisory vote annually.

The advisory vote on executive compensation is a non-binding vote on the compensation of the Company’s “named executive officers,” as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this Proxy Statement. The advisory vote on executive compensation is not a vote on the Company’s general compensation policies, compensation of the Company’s Board of Directors, or the Company’s compensation policies as they relate to risk management. Our philosophy in setting compensation policies for executive officers has two fundamental objectives: (1) to attract and retain a highly skilled team of executives and (2) to align our executives’ interests with those of our shareholders by rewarding short-term and long-term performance and tying compensation to increases in shareholder value. The Remuneration Committee believes that executive compensation should be directly linked both to continuous improvements in corporate performance (so-called “pay for performance”) and accomplishments that are expected to increase shareholder value. The Compensation Discussion and Analysis section herein provides a more detailed discussion of the executive compensation program and compensation philosophy.

The vote under this Proposal No. 5 is advisory, and therefore not binding on the Company, the Board or our Remuneration Committee. However, our Board, including our Remuneration Committee, values the opinions of our shareholders and, to the extent there is any significant vote against the executive officer compensation as disclosed in this Proxy Statement, we will consider our shareholders’ concerns and evaluate what actions may be appropriate to address those concerns.

Shareholders will be asked at the Annual General Meeting to approve the following resolution pursuant to this Proposal No. 5:

“ **RESOLVED**, that the shareholders of the Company vote in favor of a non-binding, advisory vote approving the compensation of the Company’s ‘named executive officers.’”

Vote Required

The affirmative vote of a majority of the holders of shares present in person or by proxy and entitled to vote at the Annual General Meeting (whether voting is by show of hands or a poll is taken) is necessary to approve this proposal. As a result, abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect on the vote outcome.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL NO. 5.

PROPOSAL NO. 6

**ADVISORY VOTE ON THE DIRECTORS' REMUNERATION REPORT FOR
THE YEAR ENDED DECEMBER 31, 2011**

The Board wishes to obtain from the shareholders their approval of the Directors' Remuneration Report for the year ended December 31, 2011, which is attached to this Proxy Statement as Annex A. In accordance with U.K. legal requirements, the Directors' Remuneration Report has been approved by the Board. The report will be delivered to Companies House in the United Kingdom.

Because your vote is advisory, it will not be binding upon the Company, the Board or the Remuneration Committee. The Board and the Remuneration Committee value the opinions of the shareholders. To the extent that there is any significant vote against the compensation of our executive officers, we will consider shareholders' concerns, and the Remuneration Committee will evaluate whether any actions are necessary to address those concerns.

Shareholders will be asked at the Annual General Meeting to approve the following resolution pursuant to this Proposal No. 6:

"RESOLVED, to approve the Directors' Remuneration Report for the financial year ended December 31, 2011."

Vote Required

The affirmative vote of a majority of the holders of shares present in person or by proxy and entitled to vote at the Annual General Meeting (whether voting is by show of hands or a poll is taken) is necessary to approve the Directors' Remuneration Report for the year ended December 31, 2011. As a result, abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect on the vote outcome.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL NO. 6

PROPOSAL NO. 7

APPROVAL OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has selected Deloitte & Touche LLP (“**D&T**”) as our independent registered public accounting firm for the fiscal year ending December 31, 2012, and has further directed that we submit the selection of D&T for approval by our shareholders at the Annual General Meeting.

The Audit Committee reviews and pre-approves all audit and non-audit services performed by its independent registered public accounting firm, as well as the fees charged for such services. All fees incurred in fiscal 2011 for services rendered by D&T were approved in accordance with these policies. In its review of non-audit service fees, the Audit Committee considers, among other things, the possible impact of the performance of such services on the auditor’s independence. The Audit Committee has determined that the non-audit services performed by D&T in the fiscal year ended December 31, 2011 were compatible with maintaining the auditor’s independence. Additional information concerning the Audit Committee and its activities can be found in the following sections of this Proxy Statement: “Board Committees” and “Report of the Audit Committee.”

D&T commenced auditing our annual financial statements with the fiscal year ended December 31, 2010. Representatives of D&T are expected to be available telephonically at the Annual General Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate shareholder questions.

Fees for Independent Registered Public Accounting Firm

The following is a summary of the fees billed to the Company by D&T and the Company’s former auditor Pricewaterhouse Coopers (“**PWC**”) for professional services rendered for the fiscal years ended December 31, 2011 and 2010. These fees are for work invoiced in the fiscal years indicated.

	<u>D&T</u>	<u>PWC</u>	
	<u>2011</u>	<u>2010</u>	<u>2010</u>
<i>Audit Fees (1):</i>	\$ 729,900	\$408,000	\$363,774
<i>Audit-Related Fees (2):</i>	\$ 118,154	\$ —	\$ 93,844
<i>Tax Fees (3):</i>	\$ 67,419	\$100,098	\$ 74,138
<i>All Other Fees (4):</i>	\$ 133,270	\$ —	\$ 63,607
<i>Total All Fees:</i>	\$1,048,743	\$508,098	\$595,363

- (1) Audit fees for 2011 include fees incurred in connection with the audit of financial statements as of December 31, 2011 and December 31, 2010 as prepared in accordance with U.S. generally accepted accounting principles
- (2) Audit-related fees consists of costs incurred in connection with the audit of statutory financial statements as of December 31, 2011 and December 31, 2010 as prepared in accordance with International Financial Reporting Standards.
- (3) Tax fees consist primarily of costs incurred for strategic foreign tax advice, the preparation of our tax returns and other related statutory filings.
- (4) All other fees consist primarily of costs incurred in connection with registration statement filings and comfort letters issued in connection with financing opportunities.

Shareholders will be asked at the Annual General Meeting to approve the following resolution pursuant to this Proposal No. 7:

“**RESOLVED**, to reappoint Deloitte & Touche LLP as the Company’s auditors to hold office from the conclusion of this meeting until the conclusion of the next meeting at which the annual accounts are laid before the Company and to authorize the directors to agree the remuneration of the auditors.”

In the event that shareholders do not approve the foregoing resolution, we will need to engage a third-party auditor who will act as our independent registered public accounting firm under U.S. law and as our statutory auditor under UK law for the fiscal year ending December 31, 2012. We may proceed to engage such firm as our Board and Audit Committee deem advisable, which firm may include Deloitte & Touche LLP.

Vote Required

This proposal must be approved by a majority of the shares present and entitled to vote on the proposal (whether voting is by show of hands or a poll is taken). As a result, abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect on the vote outcome.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL NO. 7

PROPOSAL NO. 8

APPROVAL OF AMENDMENT TO 2011 STOCK INCENTIVE PLAN

Proposal

The Board of Directors is requesting that stockholders vote in favor of an amendment to the Company's 2011 Stock Incentive Plan (as amended, the "Plan"). The 2011 Stock Incentive Plan was originally adopted by our Board of Directors and approved by our stockholders at our 2011 Annual General Meeting (as approved, the "2011 Plan"). If this Proposal No. 8 is approved, the number of shares reserved for issuance under the 2011 Plan would increase by 8,000,000 shares.

The purpose of the Plan is to enable the Company to have a compensation program designed to attract, retain, and motivate highly qualified employees; provide employees with long-term stock-based incentives to produce long-term growth thereby increasing our value to stockholders; and foster a cooperative teaching and learning environment that focuses on delivering stockholder value as further discussed above in the Proxy Statement in the section entitled "Compensation Discussion and Analysis." We believe that equity compensation is an essential element of our compensation package and that equity awards align employees and directors' interests with those of our stockholders. Our Board of Directors recommends a vote for approval of the Plan because the Plan will allow us to continue to use equity based incentives and promote the goals of our compensation strategy.

Changes to Original Plan

If this proposal is approved, the maximum number of the Company's Ordinary Shares of £0.50 each or ADSs, as the case may be ("*Shares*"), that can be issued under the Plan would increase by 8,000,000 Shares. We currently have 652,888 Shares available under the 2011 Plan, and we believe that such amount may not be sufficient to cover projected equity awards under the 2011 Plan through the 2013 Annual General Meeting.

Summary of Material Features

The material features of the Plan are:

- The maximum number of Shares that can be issued under the Plan shall not exceed the sum of (i) 3.5 million Shares, (ii) 3,074,680 Shares (being Shares that remained available for grants under the Company's existing 2002 Stock Option Plan (the "*2002 Plan*") as of July 12, 2011), and (iii) 8,000,000 additional Shares pursuant to the amendment described in this Proposal No. 8.
- Shares from forfeited, expired and terminated awards under the 2002 Plan and the Plan can be added back to the reserved pool under the Plan. For this purpose, Shares tendered or held back for taxes will not be added to the reserved pool under the Plan.
- The award of stock options (both incentive and non-qualified options) and restricted stock units to employees, directors and consultants is permitted. In addition, unrestricted Shares may be awarded to directors;
- Minimum vesting periods are required for grants of restricted stock units;
- Any material amendment to the Plan is subject to approval by our shareholders; and
- The term of the Plan will expire on July 12, 2021.

Based solely on the closing price of our ADSs as reported by the NASDAQ on April 23, 2012, the maximum aggregate market value of the additional Shares that could potentially be issued under the Plan as at April 23, 2012, assuming this Proposal No. 8 is approved, is \$87,221,111.04. The Shares we issue under the Plan will be authorized but unissued Shares or Shares that we reacquire.

Qualified Performance-Based Compensation under Code Section 162(m)

To ensure that certain awards granted under the Plan to a “Covered Employee” (as defined in the Internal Revenue Code of 1986, as amended (the “*Code*”) qualify as “performance-based compensation” under Section 162(m) of the Code, the Plan provides that the Remuneration Committee may require that the vesting of such awards be conditioned on the satisfaction of performance criteria that may include any or all of the following: (1) earnings before interest, taxes, depreciation and amortization; (2) net income (loss) (either before or after interest, taxes, depreciation and/or amortization); (3) changes in the market price of the Shares; (4) economic value-added; (5) funds from operations or similar measures; (6) sales or revenue; (7) development, clinical or regulatory milestones; (8) acquisitions or strategic transactions; (9) operating income (loss); (10) cash flow (including, but not limited to, operating cash flow and free cash flow); (11) return on capital, assets, equity, or investment; (12) shareholder returns; (13) return on sales; (14) gross or net profit levels; (15) productivity; (16) expenses; (17) margins; (18) operating efficiency; (19) customer satisfaction; (20) working capital; (21) earnings (loss) per Share; (22) sales or market shares; and (23) number of customers, any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group. The Remuneration Committee will select the particular performance criteria within 90 days following the commencement of a performance cycle. Subject to adjustments for stock splits and similar events, the maximum award granted to any one individual that is intended to qualify as “performance-based compensation” under Section 162(m) of the Code will not exceed 3.5 million Shares for any performance cycle and options with respect to no more than 3.5 million Shares may be granted to any one individual during any calendar year period.

Summary of the Plan

The following description of certain features of the Plan is intended to be a summary only. The summary is qualified in its entirety by the full text of the Plan that is attached hereto as Annex B.

Plan Administration. The Plan is administered by the Remuneration Committee. The Remuneration Committee has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the Plan. The Remuneration Committee may delegate to one or more directors or to one or more officers its authority under the Plan, subject to such terms, conditions and limitations as it may establish in its sole discretion.

Eligibility. Persons eligible to participate in the Plan will be those full or part-time officers, employees, directors and other key persons (including consultants) of the Company and its subsidiaries as selected from time to time by the Remuneration Committee in its discretion. Approximately 53 individuals are currently eligible to participate in the Plan, which includes 6 officers, 40 employees who are not officers, and 7 non-employee directors.

Plan Limits. The maximum number of Shares that can be issued under the Plan is as set out in the first bullet point of “Summary of Material Features” above. Incentive Stock Options cannot be granted in respect of more Shares than the “ISO Limit” (being the lesser of the aggregate plan limit and 14,314,887 Shares).

Stock Options. The Plan permits the granting of (1) options to purchase Shares intended to qualify as incentive stock options under Section 422 of the Code and (2) options that do not so qualify. Options granted under the Plan will be non-qualified options if they fail to qualify as incentive stock options or exceed the annual limit on incentive stock options. Incentive stock options may only be granted to employees of the Company and its subsidiaries. Non-qualified options may be granted to any persons eligible to receive awards under the Plan. The option exercise price of each option will be determined by the Remuneration Committee but may not be less than 100% of the fair market value of the Shares on the date of grant. Fair market value for this purpose will be the last reported sale price of the Shares on the NASDAQ on the date of grant and, if the exercise of the option is to be satisfied by a new issue of Shares, may not be less than the nominal value of the Shares (£0.50). The exercise price of an option may not be reduced after the date of the option grant, other than to appropriately reflect changes in our capital structure.

The term of each option is typically ten years from the date of grant. The Remuneration Committee will determine at what time or times each option may be exercised. Options may be made exercisable in installments and the exercisability of options may be accelerated by the Remuneration Committee. Typically, options will vest in equal tranches over a four year period subject to continued service with the Company. In general, unless otherwise permitted by the Remuneration Committee, no option granted under the Plan is transferable by the optionee other than by will or by the laws of descent and distribution, and options may be exercised during the optionee's lifetime only by the optionee, or by the optionee's legal representative or guardian in the case of the optionee's incapacity. Upon exercise of options, the option exercise price must be paid in full either in cash, by certified or bank check or other instrument or consideration acceptable to the Remuneration Committee and permitted under applicable law.

To qualify as incentive options, options must meet additional U.S. federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options that first become exercisable by a participant in any one calendar year.

Restricted Stock Units. The Remuneration Committee may award restricted stock units to any participants. Restricted stock units are payable in cash, or at the discretion of the Remuneration Committee in Shares, and may be subject to such conditions and restrictions as the Remuneration Committee may determine. These conditions and restrictions may include the achievement of certain performance objectives and/or continued service with the Company through a specified vesting period, generally four years. During the deferral period, the restricted stock units may be credited with dividend equivalent rights, which entitle the participant to receive credits for dividends that would have been paid if the recipient had held the Shares underlying the restricted stock units that vest since the date of grant of those restricted stock units.

Unrestricted Share Awards. The Remuneration Committee may also grant Shares to directors which are free from any restrictions under the Plan, provided that the director shall pay an amount for the Shares at least equal to their aggregate nominal values. The Company expects that a director may elect to receive such an award of unrestricted Shares in lieu of cash meeting fees to which the director is otherwise entitled.

Change of Control Provisions. The Plan provides that upon the effectiveness of a "change of control" as defined in the Plan, except as otherwise provided by the Remuneration Committee in the award agreement, (i) participants may exercise their options to the extent vested immediately prior to the Change of Control for a period of 12 months following the Change of Control (or through the expiration date, if earlier), (ii) all awards held by directors (other than the Chief Executive Officer of the Company) will automatically vest in full and (iii) all awards held by other participants (i.e., the Chief Executive Officer and participants who are not directors) shall continue to vest following a Change of Control and, if any such participant's employment is terminated by the Company for any reason other than cause (as defined in the Plan) within 2 years of the Change of Control, shall fully vest, and in the case of options become exercisable and remain exercisable for a period of twelve months following such termination (or through the expiration date, if earlier). In addition, the Company may provide for awards to be substituted by equivalent awards or for a cash payment to be paid to participants in respect of all awards held by participants (whether or not vested) upon the Change of Control, in which case all original awards shall lapse upon the consummation of the Change of Control.

Adjustments for Stock Dividends, Stock Splits, Etc. The Plan requires the Remuneration Committee to make appropriate adjustments to the number of Shares that are subject to the Plan, to certain limits in the Plan, and to any outstanding awards to reflect stock dividends, stock splits, extraordinary cash dividends and similar events.

Tax Withholding. Participants in the Plan are responsible for the payment of any federal, state or local taxes that the Company is required by law to withhold upon the exercise of options or vesting of other awards.

Amendments and Termination. The Board may at any time amend or discontinue the Plan and the Remuneration Committee may at any time amend or cancel any outstanding award for the purpose of satisfying changes in the law or for any other lawful purpose. However, no such action may adversely affect any rights

under any outstanding award without the holder's consent. To the extent required under the rules of the NASDAQ, any amendments that materially change the terms of the Plan will be subject to approval by our shareholders. Amendments shall also be subject to approval by our shareholders if and to the extent determined by the Remuneration Committee to be required by the Code to preserve the qualified status of incentive options.

Effective Date of Plan. The Board adopted the 2011 Plan on April 29, 2011, and it became effective on July 12, 2011, which was the day it was approved by shareholders. No awards may be granted under the 2011 Plan after the date that is 10 years from the date of shareholder approval. The effective date of the amendment proposed in this Proposal No. 8 will be the date the amendment is approved by shareholders.

New Plan Benefits

Because the grant of awards under the Plan is within the discretion of the Remuneration Committee, the Company cannot determine the dollar value or number of Shares that will in the future be received by or allocated to any participant in the Plan. Accordingly, in lieu of providing information regarding benefits that will be received under the Plan, the following table provides information concerning the benefits that were received by the following persons and groups during 2011: each named executive officer; all current executive officers, as a group; all current directors who are not executive officers, as a group; and all employees who are not executive officers, as a group.

Tax Aspects Under the Code

The following is a summary of the principal U.S. federal income tax consequences of certain transactions under the Plan. It does not describe all U.S. federal tax consequences under the Plan, nor does it describe state or local tax consequences.

Incentive Options. No taxable income is generally realized by the optionee upon the grant or exercise of an incentive option. If Shares issued to an optionee pursuant to the exercise of an incentive option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then (i) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (ii) the Company will not be entitled to any deduction for federal income tax purposes. The exercise of an incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

If Shares acquired upon the exercise of an incentive option are disposed of prior to the expiration of the two-year and one-year holding periods described above (a “*disqualifying disposition*”), generally (i) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the Shares at exercise (or, if less, the amount realized on a sale of such Shares) over the option price thereof, and (ii) we will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the incentive option is paid by tendering Shares.

If an incentive option is exercised at a time when it no longer qualifies for the tax treatment described above, the option is treated as a non-qualified option. Generally, an incentive option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reason of disability). In the case of termination of employment by reason of death, the three-month rule does not apply.

Non-Qualified Options. No income is realized by the optionee at the time the option is granted. Generally (i) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the Shares on the date of exercise, and we receive a tax deduction for the same amount, and (ii) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the Shares have been held. Special rules will apply where all or a portion of the exercise price of the non-qualified option is paid by tendering Shares. Upon exercise, the optionee will also be subject to Social Security taxes on the excess of the fair market value over the exercise price of the option.

Other Awards. The Company generally will be entitled to a tax deduction in connection with an award under the Plan in an amount equal to the ordinary income realized by the participant at the time the participant recognizes such income. Participants typically are subject to income tax and recognize such tax at the time that an award is exercised, vests or becomes non-forfeitable, unless the award provides for a further deferral.

Parachute Payments. The vesting of any portion of an option or other award that is accelerated due to the occurrence of a change in control (such as a sale event) may cause a portion of the payments with respect to such accelerated awards to be treated as “parachute payments” as defined in the Code. Any such parachute payments may be non-deductible to the Company, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

Limitation on Deductions. Under Section 162(m) of the Code, the Company’s deduction for certain awards under the Plan may be limited to the extent that the Chief Executive Officer or other executive officer whose compensation is required to be reported in the summary compensation table (other than the Principal Financial Officer) receives compensation in excess of \$1 million a year (other than performance-based compensation that otherwise meets the requirements of Section 162(m) of the Code). The Plan is structured to allow certain awards to qualify as performance-based compensation.

Shareholders will be asked at the Annual General Meeting to approve the following resolution pursuant to this Proposal No. 8:

“**RESOLVED**, to adopt and approve the proposed amendment to the Company’s 2011 Stock Incentive Plan.”

Vote Required

This proposal must be approved by a majority of the shares present and entitled to vote on the proposal (whether voting is by show of hands or a poll is taken). As a result, abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect on the vote outcome.

ADDITIONAL BUSINESS

As a public limited company organized under the laws of England and Wales, it is a statutory requirement that the Board lay before the Annual General Meeting the Company's statutory accounts, which are the annual report and the accounts for the financial year ended December 31, 2011 prepared in accordance with International Financial Reporting Standards (the "**Statutory Accounts**"). As required by the Companies Act 2006 and the Articles of Association of the Company, the Statutory Accounts will be made available for download in "PDF" format on the Company's website (<http://investor.amarincorp.com>) as soon as they are complete, but no later than June 19, 2012, which is twenty-one days in advance of the Annual General Meeting. In addition, hard copies of the Statutory Accounts may be obtained, once they are complete, by contacting the Company's investor relations department at Amarin Corporation plc, c/o Amarin Pharma, Inc., 1430 Route 206, Bedminster, NJ 07921 or by telephone at (908) 719-1315. Shareholders of the Company will not be asked to take any action in respect of the Statutory Accounts at the Annual General Meeting but shareholders in attendance will have opportunity to ask questions relating to the Statutory Accounts.

We know of no other matters to be submitted to a vote of shareholders at the Annual General Meeting. If any other matter is properly brought before the Annual General Meeting or any adjournment thereof, it is the intention of the persons named in the enclosed proxy to vote the shares they represent in accordance with their judgment. In order for any shareholder to nominate a candidate at a given annual general meeting, he or she must provide timely written notice to our corporate secretary pursuant to the terms of our Articles of Association, as described below.

CORPORATE GOVERNANCE

Director Independence

We believe that the Company benefits from having a strong and independent Board. For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with the Company that would affect his or her exercise of independent judgment. On an annual basis, the Board reviews the independence of all directors under guidelines established by NASDAQ and in light of each director's affiliations with the Company and members of management, as well as significant holdings of Company securities. This review considers all known relevant facts and circumstances in making an independence determination. Based on this review, the Board has made an affirmative determination that all directors, other than Mr. Zakrzewski, are independent. It was determined that Mr. Zakrzewski lacks independence because of his status as the Company's Chairman and Chief Executive Officer.

Code of Business Conduct and Ethics

We believe that our Board and its committees, led by a group of strong and independent directors, provide the necessary leadership, wisdom and experience that the Company needs in making sound business decisions. Our Code of Business Conduct and Ethics helps clarify the operating standards and ethics that we expect of all of our officers, directors and employees in making and implementing those decisions. Waivers of our Code of Business Conduct and Ethics for the benefit of a director or an executive officer may only be granted by the Board or, if permitted, a committee of the Board, and will be publicly announced promptly in our SEC filings. Waivers of our Code of Business Conduct and Ethics for the benefit of other employees may be made by our Compliance Officer, the Board or, if permitted, a committee of the Board. In furthering our commitment to these principles, we invite you to review our Code of Business Conduct and Ethics and other corporate governance materials located on our website at www.amarincorp.com.

Shareholder Communications

Generally, shareholders who have questions or concerns regarding the Company should contact our Investor Relations department at (908) 719-1315. However, any shareholders who wish to address questions regarding the business or affairs of the Company directly with the Board, or any individual director, should direct his or her questions in writing to the Lead Independent Director of the Board, Amarin Corporation plc, 2 Pembroke House, Upper Pembroke Street 28-32, Dublin 2 Ireland or c/o Amarin Pharma, Inc., 1430 Route 206, Bedminster, NJ 07921. Upon receipt of any such communications, the correspondence will be directed to the appropriate person, including individual directors.

BOARD OF DIRECTORS AND COMMITTEES

During fiscal 2011, our Board met in person six times, by teleconference ten times and acted by written consent five times. Each director attended at least 75% of the aggregate of the meetings of the Board and meetings of the committees of which he or she was a member in our last fiscal year. During fiscal 2011, our Board had an Audit Committee, a Remuneration Committee and a Nominating and Corporate Governance Committee. All members of the Audit, Remuneration and Nominating and Corporate Governance Committees are non-employee directors who are deemed independent.

All members of our Board who were directors at the time attended the 2011 Annual General Meeting of Shareholders, either in person or via telephone. Although the Company has no formal policies regarding director attendance at annual general meetings, it encourages directors to attend annual general meetings and expects that all members of the Board will attend the 2012 Annual General Meeting.

Board Leadership Structure and Risk Oversight

The Board currently combines the role of Chairman of the Board with the role of Chief Executive Officer. The Board believes this leadership model, together with all Board members (other than the Chairman) being independent, all key committees of the Board being comprised solely of, and chaired by, independent directors, and the Company's established governance guidelines, provides an effective leadership structure for the Company. Combining the Chairman and Chief Executive Officer roles fosters clear accountability, effective decision-making, and aligns corporate strategy with the Company's day-to-day operations. In addition, to ensure effective independent oversight of the Company, the Board holds meetings of the independent directors of the Board at every meeting.

In October 2011, the Board of Directors formally designated Dr. Ekman to serve as Lead Independent Director until his earlier resignation, replacement or removal. The duties of the Lead Independent Director include serving as chairman of regular Board meetings when the Chairman of the Board is absent, establishing an agenda for meetings of the independent directors of the Board and leading such meetings and performing such other duties as the Board may establish or delegate. The Lead Independent Director works with the Chairman and Chief Executive Officer and other Board members to provide strong, independent oversight of the Company's management and affairs. The Chairman and the Lead Independent Director work together to ensure an appropriate balance and focus among key board responsibilities such as strategic development, review of operations, risk oversight and management succession planning.

The Board has overall responsibility for the oversight of the Company's risk management process, which is designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance shareholder value. Risk management includes not only understanding company-specific risks and the steps management implements to manage those risks, but also what level of risk is acceptable and appropriate for the Company. Management is responsible for establishing our business strategy, identifying and assessing the related risks and implementing appropriate risk management practices. The Board periodically reviews our business strategy and management's assessment of the related risk, and discusses with management the appropriate level of risk for the Company. The Board also delegates oversight to Board committees to oversee selected elements of risk as set forth below.

The Remuneration Committee also determines the corporate and individual performance goals under the Company's management incentive plan and achievement of these goals, as well as determines the policy for and scope of pension arrangements, service agreements for the executive management team and termination payments. Further, the Remuneration Committee oversees any major changes in employee benefit structures throughout the Company, reviews and authorizes the reimbursement of any claims for expenses from the chief executive officer and chairman in excess of £10,000 and performs other duties, as set forth in the Remuneration Committee charter. Compensation Philosophy and Objectives

Our philosophy in setting compensation policies for executive officers has two fundamental objectives: (1) to attract and retain a highly skilled team of executives and (2) to align our executives' interests with those of our shareholders by rewarding short-term and long-term performance and tying compensation to increases in shareholder value. The Remuneration Committee believes that executive compensation should be directly linked both to continuous improvements in corporate performance ("pay for performance") and accomplishments that are expected to increase shareholder value. In furtherance of this goal, the Remuneration Committee has adhered to the following guidelines as a foundation for decisions that affect the levels of compensation:

- provide a competitive total compensation package that enables the Company to attract and retain highly qualified executives with the skills and experience required for the achievement of business goals;
- align compensation elements with the Company's annual goals and long-term business strategies and objectives;
- promote the achievement of key strategic and financial performance measures by linking short-term and long-term cash and equity incentives to the achievement of measurable corporate and individual performance goals; and
- align executives' incentives with the creation of shareholder value.

The Remuneration Committee has historically compensated executive officers with three compensation components: base salary, annual incentive bonus and equity-based compensation. The Remuneration Committee believes that cash compensation in the form of base salary and an annual incentive bonus provides our executives with short-term rewards for success in operations, and that long-term compensation through the award of equity awards aligns the objectives of management with those of our shareholders with respect to long-term performance and success.

Roles in Determining Compensation

Remuneration Committee

The Remuneration Committee, together with the Board, determines the framework for the compensation of the Company's executive officers. The Remuneration Committee also determines the corporate and individual performance goals under the Company's management incentive plan and achievement of these goals, as well as determines the policy for and scope of service agreements for the executive officers and termination payments. While the Remuneration Committee draws on a number of resources, including input from the Chief Executive Officer and independent compensation consultants, to make decisions regarding the Company's executive compensation program, ultimate decision-making authority rests with the Remuneration Committee, subject in key cases to ratification by the Board of Directors. The Remuneration Committee relies upon the judgment of its members in making compensation decisions, after reviewing the performance of the Company and evaluating an executive's performance during the year against established goals, operational performance and business responsibilities. In addition, the Remuneration Committee incorporates judgment in the assessment process to respond to and adjust for the evolving business environment.

Compensation Consultant

The Remuneration Committee retains the services of external compensation consultants. Prior to June 2011, our Remuneration Committee retained Compensia, Inc. (formerly, Remedy Compensation Consulting) (“Compensia”). In June 2011, our Remuneration Committee retained Radford, a division of AON. The mandate of the consultants include assisting the Remuneration Committee in its review of executive and director compensation practices, including the competitiveness of pay levels, executive compensation design and benchmarking with the Company’s peers in the industry. The Remuneration Committee regularly evaluates the performance of its compensation consultants, considers alternative compensation consultants and has the final authority to engage and terminate such services.

Chief Executive Officer

Our Chief Executive Officer attends Remuneration Committee meetings and works with the Remuneration Committee Chairman and its compensation consultants to develop compensation recommendations for the executive officers (excluding the Chief Executive Officer), based upon individual experience and breadth of knowledge, internal considerations, individual performance during the fiscal year and other factors deemed relevant by the Remuneration Committee. The recommendations are then submitted to the Remuneration Committee for review and consideration. The Remuneration Committee works directly with its compensation consultants to determine compensation actions for the Chief Executive Officer.

Competitive Market Benchmarking

The Remuneration Committee draws on a number of resources to assist in the evaluation of the various components of the Company’s executive compensation program. While we do not establish compensation levels based solely on benchmarking, pay practices at other companies are a factor that the Remuneration Committee considers in assessing the reasonableness of compensation and ensuring that our compensation practices are competitive in the marketplace.

Our peer companies used in determining compensation actions in the 2011 fiscal year were selected by the Remuneration Committee with Compensia’s support on the basis of their similarity to us in terms of competition for talent, phase of products in development, financial attributes, research and development expenditures, and stock price. The list of peer companies for the 2011 fiscal year consisted of the following 18 publicly-traded companies in the pharmaceutical and biotechnology industries:

Acadia Pharmaceuticals, Inc.	Dyax Corp.	Seattle Genetics, Inc.
Arena Pharmaceuticals, Inc.	GTx, Inc.	Spectrum Pharmaceuticals, Inc.
Ariad Pharmaceuticals, Inc.	Immunogen, Inc.	Targacept, Inc.
ARYX Therapeutics, Inc.	Incyte Corp.	Vanda Pharmaceuticals, Inc.
Avanir Pharmaceuticals, Inc.	Optimer Pharmaceuticals, Inc.	VIVUS, Inc.
Biodel, Inc.	Pharmacyclics, Inc.	XenoPort, Inc.

In June 2011, our Remuneration Committee retained Radford, a division of AON, to conduct a comprehensive review of the Company's executive compensation practices. Following this review, the Remuneration Committee, with Radford's support, reviewed the Company's list of peer companies and updated the list to consist of the following 25 publicly-traded companies in the pharmaceutical and biotechnology industries:

Acorda Therapeutics, Inc.	InterMune, Inc.	Questcor Pharmaceuticals, Inc.
ARIAD Pharmaceuticals, Inc.	Isis Pharmaceuticals, Inc.	Savient Pharmaceuticals, Inc.
Anthera Pharmaceuticals, Inc.	Jazz Pharmaceuticals, Inc.	Seattle Genetics, Inc.
AVEO Pharmaceuticals, Inc.	Medivation, Inc.	Spectrum Pharmaceuticals, Inc.
Cadence Pharmaceuticals, Inc.	Micromet, Inc.	Targacept, Inc.
Exelixis Inc.	Momenta Pharmaceuticals, Inc.	Theravance Inc.
Halozyyme Therapeutics, Inc.	NPS Pharmaceuticals, Inc.	VIVUS, Inc.
ImmunoGen, Inc.	Optimer Pharmaceuticals, Inc.	
Incyte Corporation	Pharmasset, Inc.	

In addition to the peer group above, the Remuneration Committee also reviews competitive compensation data from the Radford Global Life Sciences Compensation Surveys, which in 2011 included 23 of the companies in the peer group, as well as a broader survey of publicly traded biotechnology and pharmaceutical companies with between 50 and 200 employees.

The Remuneration Committee reviews the Company's list of peer companies periodically to reflect changes in market capitalization, developments at the Company relative to its peer companies and other factors.

Implementation of Objectives

In fiscal 2011, our executive compensation program consisted of the following forms of compensation, each of which are described below in greater detail:

- Base Salary
- Annual Bonus Incentive
- Equity Compensation
- Employee Benefit Program

Base Salary

Overview

Our Remuneration Committee aims to set executives' base salaries, in the aggregate, at levels near the 50th percentile of salaries of executives with similar roles at the Company's peer group. The Remuneration Committee believes it is important to provide adequate fixed compensation to our executive officers working in a highly volatile and competitive industry. Our Remuneration Committee believes that the 50th percentile for base salaries is the minimum cash compensation level that will allow us to attract and retain highly skilled executives. The Remuneration Committee's choice of this target percentile reflects consideration of our shareholders' interests in paying what is necessary to achieve our corporate goals, while conserving cash and equity as much as practicable. We believe that, given the industry in which we operate and our compensation philosophy and objectives, base salaries at the 50th percentile are generally sufficient to retain our current executives and to hire new executives when and as required. In determining appropriate base salary levels for a given executive officer, the Remuneration Committee also considers the following factors:

- individual performance of the executive, as well as overall performance of the Company, during the prior year;

- level of responsibility, including breadth, scope and complexity of the position;
- level of experience and expertise of the executive;
- internal review of the executive's compensation relative to other executives to ensure internal equity; and
- executive officer compensation levels at other similar companies to ensure competitiveness.

Salaries for executive officers are determined on an individual basis at the time of hire and are set to be competitive with peer companies in our industry. Adjustments to base salary are considered annually in light of each executive officer's individual performance, the Company's performance and compensation levels at peer companies in our industry, as well as changes in job responsibilities or promotion. The Chief Executive Officer assists the Remuneration Committee in its annual review of the base salaries of other executive officers based on the foregoing criteria.

Changes in Base Salaries for Fiscal 2011

In April 2011, the Remuneration Committee approved a 3% salary increase for all employees, excluding Mr. Zakrzewski, Mr. Thero and each of the Company's Senior Vice Presidents, which at that time included only Mr. Huff and Dr. Soni. This increase was determined to approximate the rate of inflation and was made in recognition of the fact that no increase was provided in the prior year. Mr. Sedlack participated in the salary increase since at that time he was neither a Senior Vice President nor an executive officer; he was promoted to Senior Vice President in May 2011 and was designated an executive officer in July 2011.

Also in April 2011, the Remuneration Committee reviewed an executive compensation competitive assessment prepared by Compensia which confirmed that the base salaries for each of our named executive officers (who were then serving as executive officers) approximated the 50th percentile of salaries of executives with similar roles at the Company's peer group, with the exception of the base salary for Mr. Huff, who had only recently joined the Company. Accordingly, as noted above, none of these executive officers received a base salary adjustment during 2011.

In October 2011, we entered into an amended and restated employment agreement with Mr. Zakrzewski, our Chief Executive Officer. The employment agreement was amended in connection with the increase of Mr. Zakrzewski's business time commitment to Amarin from two and one-half days a week to full time. Under the new agreement, Mr. Zakrzewski's base salary was targeted at approximately the 50th percentile of salaries of chief executive officers as compared to the Company's new peer group, as described above, based on analysis provided by Radford.

Cash Incentive Awards

The Company also provides executive officers with annual performance-based cash bonuses, which are specifically designed to reward executives for overall corporate performance as well as individual performance in a given year.

In 2011, the Board of Directors adopted a Management Incentive Compensation Plan (MICP), under which it is expected that the Remuneration Committee each year will determine corporate and individual performance goals and achievement of these goals for purposes of determining annual performance-based cash bonuses. The MICP is intended to provide structure and predictability regarding the determination of performance-based cash bonuses. Specifically, the MICP is intended to:

- (i) increase management focus on realistic goals intended to create value for shareholders;
- (ii) encourage management to work as a team to achieve the Company's goals;
- (iii) encourage individuals to realize goals that are meaningful to the Company;

- (iv) provide incentives for participants to strive for achievement above and beyond the Company goals; and
- (v) help attract and retain high quality senior management personnel.

The MICP provides that the bonus potential for our executive officers will be established on an annual basis by the Remuneration Committee. Under the MICP, the actual amount of the bonus paid is calculated using a goals-based formula, subject to the ultimate discretion of the Remuneration Committee to award a smaller or larger amount in its discretion. In order to be eligible to receive a bonus, the Company must have achieved at least a specified percentage of the corporate goals for that year. The corporate goals and the relative weighting of the corporate and individual performance goals, as well as the relative weighting for each individual of individual performance goals are established by the Remuneration Committee on an annual basis, shortly after our Board of Directors has approved our annual operating plan. The Remuneration Committee has determined it appropriate to have our Chief Executive Officer and President's goals match our corporate goals. For all other executive officers, individual goals are determined on annual basis by the Remuneration Committee. Under the MICP, the Remuneration Committee reserves the right to make subjective assessments of executive performance and to separately award performance beyond established individual or corporate goals.

For fiscal 2011, the bonus potential for our executive officers as a percentage of base salary ranged from 55% for our CEO, 40% for our President, and 35% for our Senior Vice Presidents and the minimum percentage of the corporate goals to be achieved in order to receive a bonus was 70%.

Fiscal 2011 Annual Bonus Incentive

Upon completion of fiscal 2011, the Remuneration Committee assessed the Company's overall performance against the achievement of corporate and individual performance goals established in 2011.

Set forth below are the corporate goals that were considered by the Remuneration Committee in assessing overall performance for the 2011 fiscal year, as well as the relative weighting of these goals and the Remuneration Committee's assessment of achievement for each goal.

2011 Corporate Goals

Clinical/Regulatory Affairs (20%) : These goals established target performance for the Company in Phase 3 clinical development progress. The specific goals were as follows:

- NDA submitted and accepted (75% weighting)
- Obtain Special Protocol Assessment for Reduction of Cardiovascular Events with EPA – Intervention Trial (“**REDUCE-IT**”) study (25% weighting)

Suppliers (30%) : These goals established target performance for the Company in connection with securing supply of the active ingredient for the Company's lead product candidate, AMR101. The specific goals were as follows:

- Reach agreement with two additional suppliers such that, together with the Company's current supplier, the Company will be positioned to secure sufficient commercial product to support the commercial launch of AMR101 through at least mid-2013 (75% weighting)
- Ensure existing supplier facilities meet specifications (25% weighting)

Commercial Preparation/Strategic Collaboration (30%) : These goals established target performance for the Company in connection with our discussions with potential strategic collaborators. The specific goals were as follows:

- Develop market launch plan (40% weighting)
- Obtain and evaluate multiple strategic collaboration proposals viewed favorably by the Board (60% weighting)

Intellectual Property (10%) : These goals established target performance for the Company regarding intellectual property matters. The specific goals were as follows:

- Obtain at least one new patent grant (50% weighting)
- Identify at least three new patentable claims beyond those already filed (50% weighting)

Public Relations/Investor Relations/Medical Affairs (10%) : These goals established target performance for the Company regarding investor relations matters. The specific goals were as follows:

- Secure at least three scientific publications in peer-reviewed journals based on MARINE results (33% weighting)
- Increase visibility of the benefits of EPA in the medical and scientific community (33% weighting)
- Achieve stock price performance that exceeds peer group as defined for SEC purposes (33% weighting)

In addition to the above stated goals, the Remuneration Committee also established a further stretch goal relating to initiating patient enrolment in the REDUCE-IT cardiovascular outcomes study which was given an incremental 20% weighting.

In reviewing the above-described corporate goals, the Remuneration Committee determined that each of the Clinical/ Regulatory Affairs and Suppliers goals were fully achieved (100%) and that the following goals were partially achieved Commercial Preparation/Strategic Collaboration (40% achieved), Intellectual Property (50% achieved) and Investor Relations/Medical Affairs (66% achieved). In addition, the Remuneration Committee determined that the stretch goal relating to commencing enrollment in the REDUCE-IT cardiovascular outcomes study was fully achieved. Overall, the Remuneration Committee determined that the corporate goals were achieved at the 93.6% level.

Individual Performance-Based Cash Bonus Awards

The cash bonus awards for Joseph S. Zakrzewski, our Chairman and Chief Executive Officer, and John F. Thero, our President, were based entirely on the Company's achievement of the corporate goals at the 93.6% level. Thus, each was paid an incentive cash bonus equal to 93.6% of his target bonus amount.

Paul E. Huff, Senior Vice President, Chief Commercial Officer

For Mr. Huff, individual performance goals for fiscal 2011 were as follows:

AMR101 Market Analysis and Sales Force Planning (40%) :

- Conduct market research to assess professional and consumer reaction to AMR101, and develop sales and market share forecasts from those results and report such survey results and forecast to the Board (34%)
- Conduct market assessment, including prescription data and physician prescribing analyses, and create sales force business reach plan (33%)
- Identify companies with which Amarin could consider strategic relationships from which Amarin acquires access to a suitable sales force for AMR101 (rather than building a sales force and evaluate the pros/cons of pursuing such relationships) and make a recommendation as to whether such potential relationships should be pursued (33%)

AMR101 Increased Market Presence (20%)

- Conduct branding market research to develop a suitable brand name for AMR101 that will pass trademark and FDA scrutiny (40%)
- In coordination with Clinical and Medical Affairs, begin Key Opinion Leader (KOL) outreach to secure high-level medical support for AMR101 market differentiation, including booth presentations and KOL meetings at trade shows, support of regional KOL outreach meetings and meaningful review and input into the development of Medical Affairs materials (60%)

AMR101 Reimbursement: 10%

- Conduct managed care reimbursement analysis to determine current pricing and formulary status for TG lowering therapies, and likely future placement for AMR101 (100%)

Partnering: 25%

- Provide commercial support to business development to commence negotiation of definitive partnering agreement with global pharmaceutical company, subject to Board approval of proposal from such company (50%)

Clinical Support: 5%

- Provide commercial input and support the clinical team as needed to identify, assess and prioritize other potential indications for use of AMR101

In reviewing the above-described individual performance goals, the Remuneration Committee first concluded that Mr. Huff had successfully achieved each of the AMR101 Market Analysis and Sales Force Planning, AMR101 Increased Market Presence, AMR101 Reimbursement and Clinical Support performance goals and partially achieved the Partnering performance goals, for a cumulative total of 87.5%. Next, the Remuneration Committee multiplied Mr. Huff's target bonus amount by 87.5% (that portion of the individual performance goals achieved) and that amount by 93.6% (that portion of the corporate goals achieved), for cumulative total of 81.9% of Mr. Huff's target bonus amount.

Stuart D. Sedlack, Senior Vice President, Corporate Development

For Mr. Sedlack, individual performance goals for fiscal 2011 were as follows:

Partnering: 70%

- Obtain and evaluate multiple strategic collaboration proposals viewed favorably by the Board (50%)
- Commence negotiation of definitive partnering agreement with global pharmaceutical company, subject to Board approval of proposal from such company (50%)

Suppliers: 25%

- Negotiate and close two drug product supply agreements with pricing at acceptable pricing (33%)

Supply Diversification: 5%

- Develop strategic relationships with alternative technology API suppliers and advance at least one term sheet into negotiation for definitive terms (100%)

In reviewing the above-described individual performance goals, the Remuneration Committee first concluded that Mr. Sedlack had successfully achieved the Supplier performance goals and partially achieved the Partnering and Supply Diversification goals, for a cumulative total of 77.5%. Next, the Remuneration Committee multiplied Mr. Sedlack's target bonus amount by 77.5% (that portion of the individual performance goals achieved) and that amount by 93.6% (that portion of the corporate goals achieved), for cumulative total of 72.5%. Next, exercising its discretion to make subjective assessments of executive performance and to separately award performance beyond established individual or corporate goals, the Remuneration Committee elected to award Mr. Sedlack a cash bonus equal to 75% of Mr. Sedlack's target bonus amount. This determination was made in recognition of the Remuneration Committee's subjective assessment that the bonus determination under the original formula for Mr. Sedlack would not have been fairly reflective of Mr. Sedlack's significant contribution to the achievement of the corporate goals and changed corporate circumstances during 2011.

Paresh Soni, M.D., Ph.D., Senior Vice President, Head of Development

For Dr. Soni, individual performance goals for fiscal 2011 were as follows:

- Support Marketing in creating a launch plan acceptable to Board (50%)
- Work with other functions within Amarin to identify, assess and prioritize other potential indications for use of AMR101 and provide an overview trial size and estimated costs (50%)

In reviewing the above-described individual performance goals, the Remuneration Committee first concluded that Dr. Soni had successfully achieved each of the Clinical/Regulatory Affairs, Public Relations/Medical Affairs Support and Commercial and Portfolio Development performance goals and partially achieved the Partnering performance goal, for a cumulative total of 87.5%. Next, the Remuneration Committee multiplied Dr. Soni's target bonus amount by 87.5% (that portion of the individual performance goals achieved) and that amount by 93.6% (that portion of the corporate goals achieved), for cumulative total of 81.9% of Dr. Soni's target bonus amount.

Equity Compensation

Overview

Stock Options and Restricted Stock Units. As an additional component of our compensation program, executive officers are eligible to receive equity compensation in the form of stock options and restricted stock units. The Remuneration Committee grants stock options and restricted stock units to executive officers to aid in their retention, to motivate them to assist with the achievement of both near-term and long-term corporate objectives and to align their interests with those of our shareholders by creating a return tied to the performance of our stock price. In determining the form, date of issuance and value of a grant, the Remuneration Committee considers the contributions and responsibilities of each executive officer, appropriate incentives for the achievement of our long-term growth, the size and value of grants made to other executives at peer companies holding comparable positions, individual achievement of designated performance goals, and the Company's overall performance relative to corporate objectives.

We believe that equity awards, through stock options and restricted stock units, align the objectives of management with those of our shareholders with respect to long-term performance and success. We believe that equity awards serve as useful performance-recognition mechanisms with respect to key employees, as most awards are subject to time-based vesting provisions. Stock options are typically awarded to executive officers upon their hiring. We believe that such equity awards encourage executive officers to remain with the Company and also focus on our long-term performance as well as the achievement of specific performance goals.

Equity Award Grant Policy. We have an equity award grant policy that formalizes our process for granting equity-based awards to officers and employees. Under our equity award grant policy, all grants to executive officers must be approved by our Board of Directors or Remuneration Committee and all grants to other employees must be granted within guidelines approved by our Board of Directors or Remuneration Committee. All stock options will be awarded at fair market value and calculated based on our closing market price on the grant date. Under our equity award grant policy, equity awards will generally be granted as follows:

- grants made in conjunction with the hiring of a new employee or the promotion of an existing employee will generally be made at meetings of the Remuneration Committee, and effective on the first trading day of the month following the later of (1) the hire date or the promotion date or (2) the date on which such grant is approved; and
- grants made to existing employees other than in connection with a promotion will be made, if at all, on an annual basis and generally shall be made effective on the first trading day of the month following the date on which such grant is approved.

Equity Grants Awarded in Fiscal 2011

During fiscal 2011 our Remuneration Committee approved equity awards in connection with the initial hiring and promotion of certain of our named executive officers. Specifically:

- in connection with his promotion to Senior Vice President, the Remuneration Committee awarded Mr. Sedlack an option to purchase 650,000 of our Ordinary Shares;
- in connection with his hiring and appointment as full time Chief Executive Officer, the Board of Directors awarded Mr. Zakrzewski an option to purchase 625,000 of our Ordinary Shares;

In each case, the Remuneration Committee determined the amount of award based on its assessment of what similarly situated executives typically received at similarly-situated companies, after review of equity compensation levels at peer companies as provided by Radford.

The values of the equity award granted to executive officers for the 2011 fiscal year, as well as all compensation actions taken with respect to the named executive officers in fiscal 2011, are reflected in the Summary Compensation Table below.

Employee Benefit Programs

Executive officers are eligible to participate in all of our employee benefit plans, including medical, dental, group life, disability and accidental death and dismemberment insurance, in each case on the same basis as other employees, subject to applicable law. We also provide vacation and other paid holidays to all employees, including executive officers, all of which we believe to be comparable to those provided at peer companies. These benefit programs are designed to enable us to attract and retain our workforce in a competitive marketplace. Health, welfare and vacation benefits ensure that we have a productive and focused workforce through reliable and competitive health and other benefits.

Our retirement savings plan (401(k) Plan) is a tax-qualified retirement savings plan, pursuant to which all employees, including the named executive officers, are able to contribute certain amounts of their annual compensation, subject to limits prescribed by the Internal Revenue Service. In 2011 we did not match or supplement contributions to the plan.

We have made lodging available to our employees to support the travel of our employees to our offices in Connecticut and New Jersey. The purpose of such lodging is to reduce travel costs. Certain of our executives have utilized such company provided lodging from time to time.

Tax and Accounting Considerations

Deductibility of Executive Compensation. In making compensation decisions affecting our executive officers, the Remuneration Committee considers our ability to deduct under applicable federal corporate income tax law compensation payments made to executives. Specifically, the Remuneration Committee considers the requirements and impact of Section 162(m) of the Code, which limits the tax deductibility to us of compensation in excess of \$1.0 million in any year for certain executive officers, except for qualified “performance-based compensation” under the Section 162(m) rules. The Remuneration Committee considers the Section 162(m) rules as a factor in determining compensation, but will not necessarily limit compensation to amounts deductible under Section 162(m).

Allocation of Compensation

There is no pre-established policy or target for the allocation of compensation. The factors described above, as well as the overall compensation philosophy, are reviewed to determine the appropriate level and mix of compensation.

Timing of Compensation Actions

Compensation, including base salary adjustments, for our named executive officers is reviewed annually, usually in the first quarter of the fiscal year and upon promotion or other change in job responsibilities.

Minimum Stock Ownership Requirements

There are no minimum stock ownership guidelines for our executives or employees, although senior members of our management team are encouraged and expected to have a significant direct interest in the value of our common stock through open market purchases and/or receipt of equity awards.

Conclusion

Our compensation policies are designed and are continually being developed to retain and motivate our executive officers and to reward them for outstanding individual and corporate performance.

DIRECTOR COMPENSATION

Non-Employee Director Compensation

Upon recommendation of the Remuneration Committee, the Board of Directors approved an amended non-employee director compensation program effective January 1, 2012. The amended non-employee director compensation program was intended to approximate the 50th percentile of non-employee director compensation within the Company's peer group. A summary of the non-employee director compensation arrangements for fiscal 2012 is set forth below.

	<u>Retainer and Meeting Fees</u>
Annual Board Retainer Fee:	
Lead Independent Director	\$60,000
All non-employee directors	\$40,000
Annual Chairman Retainer Fees:*	
Audit Committee Chairman	\$17,500
Remuneration Committee Chairman	\$12,000
Nominating and Corporate Governance Committee Chairman	\$10,000
Annual Committee Member Retainer Fees:*	
Audit Committee	\$10,000
Remuneration Committee	\$ 6,000
Nominating and Corporate Governance Committee	\$ 5,000

* These fees are in addition to the Annual Board Retainer Fee, as applicable.

The annual retainers are paid in equal installments made in arrears within thirty days of the end of each calendar quarter, or upon the earlier resignation or removal of the non-employee director. Amounts owing to non-employee directors as annual retainers shall be annualized, meaning that for non-employee directors who join the board during the calendar year, such amounts shall be pro rated based on the number of calendar days served by such director.

Non-employee directors shall be given an annual election option, which option is to be exercised within ten calendar days of the end of each quarter, of receiving their annual retainers in the form of either (i) cash or (ii) unregistered non-ADR ordinary shares, with any such issuances to be priced at the greater of (i) the closing price of the Company's ADSs on The NASDAQ Stock Market on the date which is ten calendar days after the end of each quarter or (ii) £0.50 per share (i.e., par value per Ordinary Share).

In addition, non-employee directors will be eligible to receive an option award for 45,000 ordinary shares upon their appointment or re-election to the Board of Directors, such option award to vest one-third (1/3) on each one-year anniversary of the date of such appointment or re-election to the Board of Directors. The exercise price of any such option award shall be equal to the closing market price on the NASDAQ Stock Market of the Company's ordinary shares (and represented by American Depository Shares) on the date of such appointment or re-election to the Board of Directors.

In addition, for so long as the non-employee director remains on the Board of Directors, on an annual basis the non-employee director will be eligible to receive an option to purchase an additional 30,000 ordinary shares, such award to be made each year immediately after the Company's annual general meeting of shareholders, such option award to vest in full upon the one-year anniversary of such meeting. The exercise price of any such option award shall be equal to the closing market price on the NASDAQ Stock Market of the Company's ordinary shares (and represented by American Depository Shares) on the date of such meeting.

In addition, the non-employee directors are also eligible to participate in the Company's stock option plans on a case by case basis.

Non-employee directors are also reimbursed for their reasonable out-of-pocket expenses incurred in connection with attending Board and committee meetings.

On December 13, 2011, the Company awarded options representing the right to purchase 45,000 Ordinary Shares to Patrick J. O'Sullivan. This award vests in three equal annual installments on each anniversary of the grant date. The total grant-date value of this award was \$254,858, based on a closing price of \$6.74 on The NASDAQ Global Market on the date of grant.

The following table shows the compensation paid in fiscal 2011 to the Company's non-employee directors.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the accounting and financial reporting processes of the Company and the audits of the Company's financial statements, evaluates auditor performance, manages relations with the Company's independent registered public accounting firm and evaluates policies and procedures relating to internal control systems. The Audit Committee operates under a written Audit Committee charter that has been adopted by the Board. All members of the Audit Committee currently meet the independence and qualification standards for Audit Committee membership set forth in the listing standards provided by NASDAQ and the SEC, and the Board has determined that Audit Committee Member Jan van Heek is an "audit committee financial expert," as the SEC has defined that term in Item 407 of Regulation S-K.

The Audit Committee members are not professional accountants or auditors. The members' functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Company's management has the primary responsibility for the financial statements and reporting process, including the Company's system of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2011. This review included a discussion of the quality and the acceptability of the Company's financial reporting, including the nature and extent of disclosures in the financial statements and the accompanying notes. The Audit Committee also reviewed the progress and results of the testing of the design and effectiveness of its internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit Committee also reviewed with the Company's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Committee by Public Company Accounting Oversight Board ("PCAOB") AU380, *Communications with Audit Committees*, and SEC Regulation S-X Rule 207, *Communication with Audit Committees*. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the Public Company Accounting Oversight Board. The Audit Committee discussed with the independent registered public accounting firm their independence from management and the Company, including the matters required by the applicable rules of the Public Company Accounting Oversight Board.

In addition to the matters specified above, the Audit Committee discussed with the Company's independent registered public accounting firm the overall scope, plans and estimated costs of their audit. The Committee met with the independent registered public accounting firm periodically, with and without management present, to discuss the results of the independent registered public accounting firm's examinations, the overall quality of the Company's financial reporting and the independent registered public accounting firm's reviews of the quarterly financial statements, and drafts of the quarterly and annual reports.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements should be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

SHAREHOLDER PROPOSALS

Shareholder proposals intended to be included in the 2013 Annual General Meeting proxy materials must be received by the Secretary of the Company no later than January 7, 2013, or otherwise as permitted by applicable law (the “*Proxy Deadline*”); *provided, however*, that if the 2013 Annual General Meeting date is advanced or delayed by more than 30 days from the anniversary date of the 2012 Annual General Meeting, then shareholders must submit proposals within a reasonable time before the Company begins to print and send its proxy materials. The form and substance of these proposals must satisfy the requirements established by the Company’s Articles, the Nominating and Corporate Governance Committee charter and the SEC, and the timing for the submission of any such proposals may be subject to change as a result of changes in SEC rules and regulations.

Under the 2006 Act, in order for a shareholder proposal to be presented at an Annual General Meeting, such proposal must have been requisitioned either by shareholders representing 5% of the voting rights of all members having a right to vote on such proposal at the Annual General Meeting or by at least 100 shareholders who have a right to vote on such proposal at the relevant Annual General Meeting and who hold shares in the Company on which there has been paid up an average sum, per member, of at least £100. Such proposal must have been signed or otherwise authenticated by all requisitionists and submitted to the Company not later than (1) six weeks before the Annual General Meeting to which the requests relate, or (2) if later, the time at which notice of that meeting is given by the Company.

Additionally, shareholders who intend to nominate a director to be elected at the 2013 Annual General Meeting must provide the Secretary of the Company with written notice of such nomination between 7 and 42 days prior to the date of such meeting, together with written notice signed by the director nominee regarding his or her willingness to be elected. Any shareholder seeking to recommend a director candidate or any director candidate who wishes to be considered by the Nominating and Corporate Governance Committee, the committee that recommends a slate of nominees to the Board for election at each annual general meeting, must also provide the Secretary of the Company with: the name and address of the shareholder seeking to recommend a director candidate; a representation that the shareholder is a record holder of the Company’s securities (or, if the shareholder is not a record holder, evidence of ownership in accordance with Rule 14a-8(b)(2) of the Exchange Act); the name, age, business and residential address, educational background, current principal occupation or employment for the preceding five full fiscal years of the proposed director candidate; a description of the qualifications and background of the proposed director candidate, which addresses the minimum qualifications and other criteria for Board membership approved by the Board from time to time; a description of all arrangements or understandings between the shareholder and the proposed director candidate; the consent of the proposed director candidate to be named in the Proxy Statement relating to the Company’s annual general meeting and to serve as a director if elected at such annual general meeting; and any other information regarding the proposed director candidate that is required to be included in a proxy statement filed pursuant to SEC rules, if then required. The Nominating and Corporate Governance Committee will consider all director candidates who comply with these requirements and will evaluate these candidates using the criteria described above under the caption, “Nomination of Directors.” Director candidates who are then approved by the Board will be included in the Company’s proxy statement for that annual general meeting.

DELIVERY OF PROXY MATERIALS

Our Annual Report to shareholders for the fiscal year ended December 31, 2011, including audited financial statements, accompanies this Proxy Statement. Copies of our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 and the exhibits thereto are available from the Company without charge upon written request of a shareholder. Copies of these materials are also available online through the Securities and Exchange Commission at www.sec.gov. The Company may satisfy SEC rules regarding delivery of proxy materials, including the Proxy Statement and Annual Report, by delivering a single set of proxy materials to an address shared by two or more Company shareholders. This delivery method can result in meaningful cost savings for the

Company. Remuneration Report for the year ended 31 December 2011

Information Not Subject to Audit

Remuneration policy

The Company's policy on remuneration is to attract, retain and incentivise the best staff, recognising that they are key to the success of the business, and to align our staff's interests with those of our shareholders by rewarding short-term and long-term performance and tying compensation to increases in shareholder value.

Consistent with this policy, the Company's benefit packages awarded to directors and senior management are intended to be competitive and comprise a mix of remuneration (historically consisting of base salary, annual cash incentive bonus and equity-based compensation) with the goals listed below, while not detracting from the goals of good corporate governance:

- provide a competitive total compensation package that enables the Company to attract and retain highly qualified directors and senior management with the skills and experience required for the achievement of business goals;
- align compensation elements with the Company's annual goals and long-term business strategies and objectives;
- promote the achievement of key strategic and financial performance measures by linking short-term and long-term cash and equity incentives to the achievement of measurable corporate and individual performance goals; and
- align the incentives of directors and senior management with the creation of shareholder value.

The Company's American Depositary Shares are listed on the NASDAQ Global Market and the Company is therefore subject to NASDAQ corporate governance rules.

The Company's natural competitor group with respect to staffing lies within the pharmaceutical and biotechnology industries. Subject to changes in the industry and to competitive and other pressures, the Company will generally align its rates of remuneration with this sector, both in terms of overall packages and the division between basic and performance-related elements. However, it is recognised that such competition is only one of a number of factors to be taken into account.

Long-term incentives are provided to directors and senior management in the form of executive share options and, additionally, in the case of executive directors and senior management, by the granting of end of year cash bonuses that are specifically designed to reward executives for overall corporate performance as well as individual performance in a given year. Share options are granted to directors and senior management to aid in their retention, to motivate them to assist with the achievement of corporate objectives and to align their interests with those of our shareholders by creating a return tied to the performance of our stock price. It is the intention of the board of directors (the "Board") to grant share options to executive directors and senior management in the furtherance of these objectives and to reward performance. Additionally, the Board may award options from time to time to non-executive directors as is relatively standard practice in the U.S.

Share options are currently granted to directors and senior management pursuant to the Amarin Corporation Plc 2011 Stock Incentive Plan approved by the shareholders in general meeting on 12 July 2011 ("the option plan"). The maximum number of the Company's Ordinary Shares of £0.50 each or any American Depositary Shares, as the case may be (the "Shares"), to be issued under the 2011 Plan shall not exceed the sum of (i) 3.5 million Shares, (ii) the number of Shares that remain available for grants under the Company's existing 2002 Stock Option Plan (the "2002 Plan") as of July 12, 2011 and (iii) the number of Shares underlying awards under the 2002 Plan that are outstanding as of July 12, 2011 that are subsequently forfeited, cancelled, expire or are

otherwise terminated. As of April 23, 2012, excluding stock options previously exercised, 652,888 Ordinary Shares are available for grant under the option plan in connection with stock options that were outstanding or available for grant. The Remuneration Committee may grant options to eligible persons. In determining which eligible persons may receive an award of options and become participants in the option plan, as well as the terms of any option award, the Remuneration Committee may take into account the nature of the services rendered to us by the eligible persons, their present and potential contributions to our success or such other factors as the Remuneration Committee, at its discretion, shall deem relevant.

In the event that a director resigns, then under the option plan, the unvested options lapse, and vested but unexercised options will lapse twelve months following the date of such resignation. Share options granted to new non-executive directors pursuant to the option plan typically vest in three equal tranches during the three-year period from the grant date to the third anniversary of the grant date. In addition, for so long as the non-executive director remains on the Board of Directors, on an annual basis the non-executive director will be eligible to receive an additional option, such award to be made each year immediately after the Company's annual general meeting of shareholders, such option award to vest in full upon the one-year anniversary of such meeting. Share options granted to new employees typically vest 25% at the one-year anniversary of the date of hire and then vest ratably over the subsequent 36-month period.

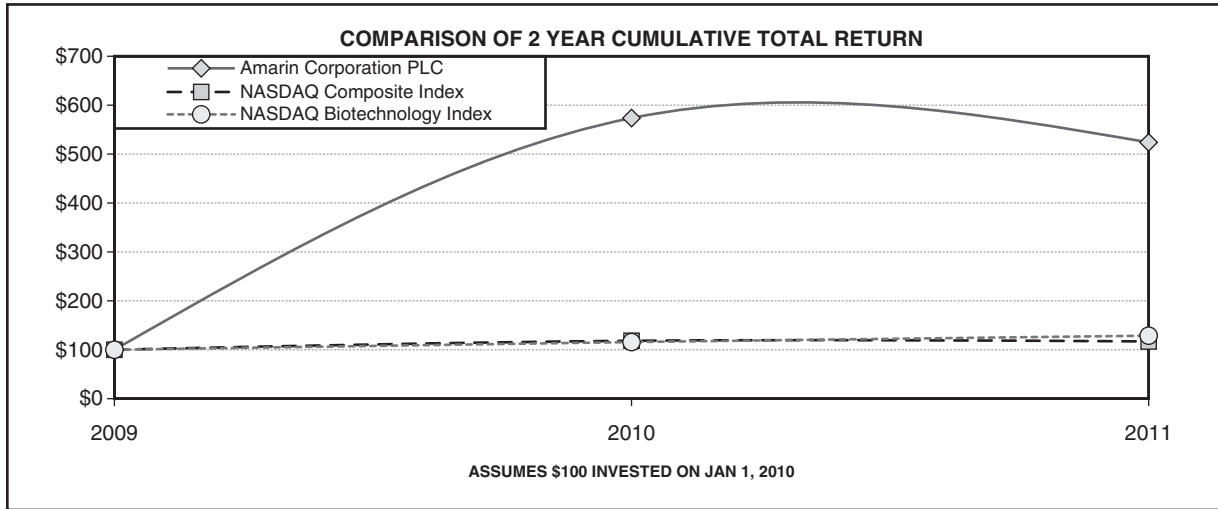

The Remuneration Committee has the delegated authority of the Board to vary the remuneration of executive directors and senior management to include the award of end of year bonuses and grant of options. The Remuneration Committee awards performance-based cash bonuses based in part on the Company's achievement of corporate goals. In addition, the Remuneration Committee considers the individual performance of the Company's executive directors and senior management and the level of each such individual's accountability, scope of responsibilities and impact on the Company's performance during the course of the year as well as corporate achievement beyond established goals. The Remuneration Committee also considers its own understanding of what executives with similar functions at similarly situated companies typically receive for performance-based cash compensation so as to ensure that the Company's executive directors and senior management are properly remunerated. In determining the remuneration arrangements for executive directors and management, the Remuneration Committee considers the pay and employment conditions elsewhere in the Company.
